Agreement Reached on Zone Hassle

SAN DIEGO (CNS)—A three-month hassle over zoning variances asked by property owners along Imperial Avenue, Lemon Grove, was finally concluded Friday before the County Planning Commission, and the two property owners most concerned got what they wanted.

A. F. Andersen, who has appeared at commission hearings almost steadily since August 26, was granted a variance to reduce his front yard requirements on Imperial Avenue from 75 feet to 30 feet from the center line of a new right of way. He was also granted a variance to allow him to build on his rear property line, instead of the required 15-foot set back.

Ralph Hein, another property owner who has frequently attended the sessions, also got what he wanted: "to be left alone."

Andersen, although he was told that he had finally been given just what he asked, still seemed in doubt.

The planning staff made a last recommendation that required no donation of land to the county for the variances affecting property owned by Andersen, A. Alcalá, William Cullen, and Goodwill Industries. It said the road department found that no right of way was needed from these properties for the new route for Imperial Avenue, as the facing properties would have to provide the land.

The zone variances were approved for the five lots west of Grove Street; for the property extending to North Avenue, the variances were denied, as property owners were unwilling to grant the rights of way needed for the new route for Imperial Avenue.

Hein, whose property contains a building that is in the right of way, said he could donate right of way and didn't need the variance. He said he was satisfied to be left alone.

Andersen seemed a little uncertain that it was all over at last. He protested a little over the setback required for parking in areas zoned for industrial use, such as this. He said he didn't think he should have to provide space for public parking, if he had room behind his building for off-street parking.

Gilbert Ray, acting commission chairman, told Andersen that the setback area was not for public use, but was required to provide a place for big trucks to get off the street. He said that Andersen could fence it if he wanted, to keep the public off, but that he couldn't erect any permanent structures on it.

Then Ray added: "We've argued about this for three months. You have your opinion. We have ours. But there's the law, and there's nothing to be done about it."

Andersen shook his head, but accepted, and the matter was closed, after three months. And commissioners and applicants seem relieved.

Another, luckier, applicant for a zoning variance for Lemon Grove property was Jack A. Robertson.

His application came before the commission for the first time Friday. He asked to be allowed 50 feet from the center line of the extension of Lemon Street, instead of the required 75 feet. His property is zoned for commercial use. It backs on Harris Street.

The commission was told by the committee that studied the area that the variance is needed for normal use of the property, so approval was voted without further discussion.

County Surrenders Palm School Strip

SAN DIEGO (CNS)—Abandonment of the county's right in a 41-foot along the east boundary of the Palm Avenue Junior High School site was approved Friday by the County Planning Commission.

The action was taken on the application of the Lemon Grove School District for the vacation, after the road department reported that there is no feasible way to improve the easement or street purposes.

Seaboard Finance Opens LG Office, 12th in County

An office of the Seaboard Finance Co. serving the Lemon Grove - Spring Valley - Encanto areas will open Monday, November 21, at 3123 Imperial, near the Food Basket Market.

The new branch office, twelfth in San Diego county, will be open Mondays from 9 a.m. to 7 p.m., and Tuesday through Friday from 9 a.m. to 5 p.m., according to Richard K. Patton, manager. "We will be open three Saturdays during the month of December," he added. "Those days will be December 3, 10, and 17 and we will be open from 9 a.m. to noon for the convenience of those customers who might need our services."

The Lemon Grove office will also be the headquarters of Regional Manager M. A. "Tommy" Thompson, Patton stated.

The Lemon Grove branch of Seaboard will have an International Credit Card setup, at least for the present, Patton said. People who want to make payments for the International charge may do so at the Lemon Grove office instead of making the payments by mail.

Get Set Now for Christmas Is Plea Of Postmaster

Lemon Grove Postmaster "Frenchy" Fautcher offers these helpful mailing tips to insure delivery of your Christmas cards and gifts on time.

First: check your Christmas card list carefully - make sure each address is complete with full name, street and number, city, zone and state.

Second: for your Christmas gift packages, stock up now on heavy wrapping paper, sturdy corrugated cartons, strong cord, and paper adhesive tape.

Third: remember that you can include your Christmas card or letter inside of your gift package by adding the appropriate first class postage to the package itself.

Fourth: buy your postage stamps now. Don't wait until the last minute when long lines form at the stamp window.

The Post Office will supply free labels which read, "Out of Town Delivery" and "Local Delivery," so that you can sort your Christmas cards into two groups, with addresses all facing one way, thus insuring fast delivery.

Use only first class postage on your Christmas cards. Cards sent by first class four cents, or seven cent air mail, may include personal handwritten messages. First class mail also receives full forwarding and return service. Don't fail to put your return address on every Christmas card envelope. Not only is this socially correct, but it helps tremendously to keep the mailing lists of both you and your friends up-to-date.

City, County Join in 'War Against Litter'

San Diego County will join with the City of San Diego in a "War Against Litter" campaign, according to Frank Gibson, chairman of the County Board of Supervisors.

Gibson met with Mayor Charles C. Dail of San Diego and the War Against Litter executive committee to review and finalize plans for the campaign to clean up the San Diego area.

Both Chairman Gibson and Mayor Dail addressed the executive committee, calling for an all out effort to remedy the growing litter problem. Gibson

urged all political subdivisions in the county to cooperate in a unified War Against Litter.

According to Harry La Dou, general chairman, a full scale campaign will be launched early in January, which will include educational programs, contests, and awards for the public, a publicity drive to expose the litter problem, improvement of litter control facilities, and law enforcement.

According to Gibson, the county and the city have provided equal shares of a \$15,000 fund for a year's campaign.

Our Pilgrim Fathers Gave Thanks For So Little... We Have So Much To Be Thankful For

Let us pause on this day, as our Pilgrim forefathers did so long ago . . . to give prayerful thanks, not only for the food on our table, but more importantly, for those freedoms we hold so dear . . . freedoms our forefathers sought and won in the new land, America. Our country has come a long, hard way since the day of that first meager harvest in 1621 . . . to truly become the "Land of Plenty" and the "Home of the Free." Let us pray it will always be!

New Subscribers Total Hits Record 570 in 10 Days

The new reader campaign started last week by this newspaper has picked up speed and added nearly 300 more new subscribers to its circulation rolls.

More than 220 families signed up for the publication the first three days of the campaign which is being conducted by telephone by the William F. Piper Associates.

Since the campaign started 10 days ago 525 families have said "yes."

As each new subscriber sends in his remittance, a portion of it is set aside to be contributed in his name to the local fire relief association.

Spring Valley residents will have their contribution made directly to the Spring Valley Fireman's Relief Association. A similar contribution will be made to the Lemon Grove Relief Association if the subscriber resides within the Lemon Grove fire district.

The relief associations will put the money in their general fund and use it for whatever purpose they need it for. In Spring Valley the district is building a new station at Spring Valley Estates. Certain furnishings not supplied by the district may be acquired through the funds. In Lemon Grove, the Association has a Christmas project for needy children. Presumably, some of the income will go into this fund.

This week's list shows 300 new subscribers. They are:

Local Drive Tops 104 Per Cent

Lemon Grove, which 1st week became one of the first two communities in San Diego County to zoom over its goal in the current annual United Fund campaign, today had reached 104.7 per cent of its \$7,216 quota.

The Business Firms group led by chairman San Pernicans was the latest campaign unit to push toward its goal this week.

Already over the top are the Residential group, Mrs. Byron Netzel, chairman; Government and Education group, S. K. Solender, chairman; and Commerce and Industry group, Robert Wilson, chairman.

Byron Netzel, local campaign chairman, said the Lemon Grove division will probably pass the \$8,000 mark and reach at least 120 per cent of its goal by the time all contributions are in.

This being Thanksgiving week, editors, we suppose, should be allowed to be thankful, too.

We are thankful for the opportunity to publish what we please, being only restrained by the hazards of lawsuit for libel.

We are thankful, too, for the freedom of our subscribers to say what they wish about us with complete impunity.

For that reason we are extremely proud to have received two communications this week by which we prove our point. The writers are unafraid to state their position. They also prove that they are thinking. As much as for any other reason, we are proud because they are exercising the same freedom that we, as the press, fight so constantly to maintain.

From H. W. Pollup, 2871 Massachusetts comes this communique:

"When our subscription runs out we will be glad and we don't plan on continuing. We are tired of Pro-Republican newspapers around here. Supposed to be a 'free press' (a laugh). You are all so busy giving each other awards."

From Mrs. Eunice Pear in Spring Valley comes this: "I had decided to cancel my subscription until I received a call . . . (subscription campaign project). Needless to say I found it extremely difficult to understand the sudden switch from Shearer to Hegland two years ago. But the reason was self explanatory when such elaborate advertising appeared for the dear 5th and Broadway department store. I was shocked again when you didn't support the fine man we had running for our 77th district, Jack Manion."

"I would be most interested to know what great deeds Mr. Hegland has performed in Sacramento . . . sending eleventh hour propaganda . . . taking credit for our children being on single session, etc. when I'm sure most every property owner is made fully aware that the school bonds reflected in our tax bill put our children on single session."

"Also I believe a little investigation would prove the college at La Jolla is a far cry from 'Heg's' baby. I will admit he has done a fine job of making some people think he is wonderful, but when you question those people they don't really know what he has done!"

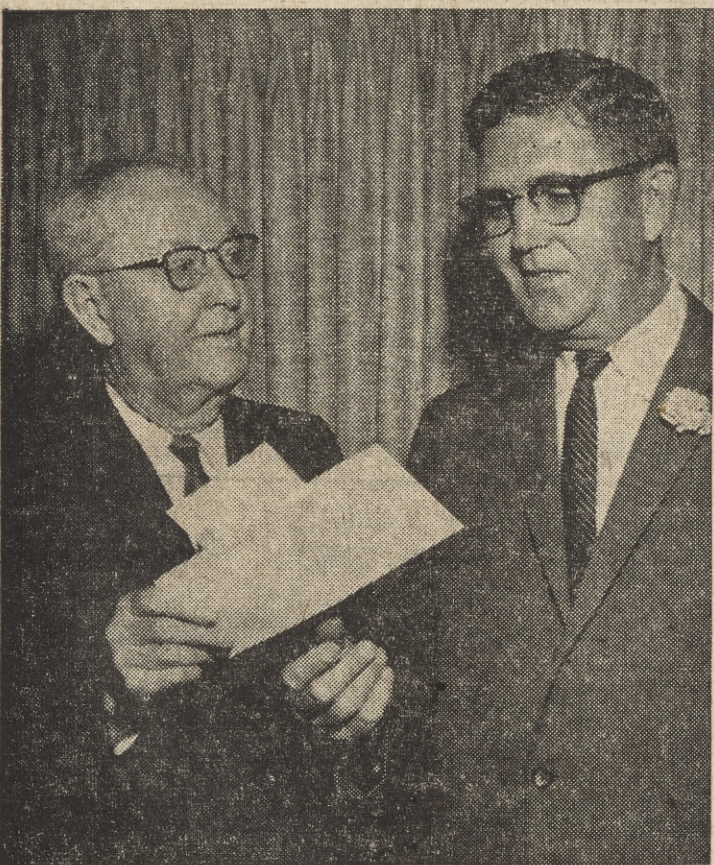

"What other assemblyman had so much support from downtown businessmen . . . most of whom couldn't vote for him if they wanted to ever so badly?"

"You stick with the Heglands - I'll go along 100% for the Bill Shearers and the Jack Manion - type candidate."

Voters are apparently satisfied with the business operation of the Grossmont Hospital district because they re-

READY TO OPEN — Ross Burraston, owner of Boldrick's Fine Shoes in San Diego and president of the San Diego Shoe Corporation, says "OK" to H. R. Vogt, who lives in Lemon Grove at 8125 Roy st., said the Lemon Grove store will carry all the quality name brands as the downtown Boldrick's store. Burraston and Vogt named Derek N. Norris, a Spring Valley man who recently moved here from London, England, as manager of the Lemon Grove store. The Lemon Grove store will carry the banner of Burraston's Fine Shoes and is located at Broadway and Grove, just east of the L.G. post office. The firm operates Boldrick's Fine Shoes at 6th and C streets in San Diego; Burraston's in La Jolla, the shoe department in Stevenson's in La Jolla, and the shoe department in Kippys department store in Coronado. As part of the opening festivities next week, the firm will bring Bozo the clown and his show to Lemon Grove to publicize children's shoes and will participate in style showings to draw attention to their women's lines of shoes.

What's Doing in the PTA

CASA DE ORO
A very interesting and educational evening was enjoyed by all who attended the November 17 meeting of the Casa de Oro PTA. The panel of representatives from our community discussed the services they offer to us and gave us many suggestions towards a better and happier life in Casa de Oro.

Captain Stanley Mourning, from the Fire Department, brought up many good points concerning safety and told how many everyday accidents can be avoided with a little caution and common sense. For instance, many fires could be avoided if parents would remember to keep matches put up and out of the way of children.

Captain Charles Fry, from the sheriff's office, also spoke on safety and the laws concerning it. Many parents don't realize how much children look toward them for guidance. Our children and our neighbors children watch our actions and follow in our footsteps. If we live by the laws and rules that are set down for us, our children and my children will respect and live by them too.

Gilbert Ray, of the Planning Commission, spoke of what to look for when buying property and what plans Casa de Oro has for the future.

It was both interesting and humorous to hear the changes

turned to office three incumbent directors whose terms on the governing board were expiring.

We have no quarrel with the decision because we feel that voters would have changed the board's make-up had they so desired but we can't help but compare what has been going on within the district with activities on the other side of the fence.

This thought is excited by the opening of the College Park hospital on Montezuma road. The College Park is a profit-making project. That is to say the income must pay all expenses, the upkeep and repair, provide a return for the developers of the hospital itself, and additionally, it must pay taxes.

In the case of the Grossmont district, every parcel of property is being taxed 14c for each \$100 assessed valuation whether that parcel's owner ever uses the hospital or not. College Park hospital operators have no tax income, they PAY taxes, at the same rate as we.

Now for a look at the cost per patient. Grossmont charges \$24 a room. So does College Park. A district resident enjoys a \$2 a day discount but this is a small repayment for the \$2 a day discount on his hospital room rate. The question as to whether this properly offsets the district annual tax burden or not is clearly answered.

The staff of the College Park hospital are highly esteemed professionals who are also staff members at Grossmont.

If Sharp, Mercy, and College Park hospitals can operate as tax paying hospitals, we are not asking too much for Grossmont to at least pay its own way.

Citizens of two southern California communities are planning an election on incorporation in the near future.

Bonita, which is down Sweetwater Valley from here, is going through the same incorporation pains as the community of Lemon Grove did on two occasions. As in the case of Lemon Grove, dissidents have appeared to attempt to discredit the proponents.

In Desert Hot Springs, the vote is set for January 10 and if successful, the city will be less than one square mile in area and opponents, if such there be, are not very vocative.

The Bonita proposal is based on a study being made by Dr. W. Richard Bigger, head of San Diego State Public Relations Institute. As in the case of Lemon Grove, incorporation is feasible, integrity of boundaries would be maintained, and the proposed city can be operated without added tax cost.

The merit of being a city is understood by those who propose incorporation. While there are those who have honest emotions about wanting to be unincorporated, a vast majority of those who oppose incorporation do so because they do not have all the facts.

The latter are those who are influenced by ennuendo and emotional catch-phrases. These usually have no real meaning but are dramatic enough to make the sincere-but-uninformed citizen want to vote "no." Such a phrase could be: Do we want a city run by crooks?"

Such is an element which takes the issue of incorporation. Such an element, naturally, takes the issue out of the field of logical consideration and puts it into an emotional, and, more often than not, personal field.

When that happens, all the citizens are the losers.

SD Marine Reservists Kick-Off Annual 'Toys for Tots' Campaign

Marine Corp Reservists of San Diego County are preparing to launch their ninth annual "Toys for Tots" campaign. Lt. Col. Gerald D. Schmidt, commanding officer of San Diego's 1st Tank Battalion, U.S. Marine Corps Reserve, announced that the 1960 toy collection will run from November 26 through December 20.

"Toys for Tots" is a nationwide Marine Corps Reserve program to collect toys for the less fortunate children of their communities. The project was actually started in 1948 by a group of civic minded Marine reservists in Los Angeles. It was such a success that it has become a tradition with Marine reservists throughout the country, except for 1951 when they were in Korea.

Schmidt said that this year's campaign is expected to be very successful. Main toy collection stations will be set up at all city and county fire stations, he said. He also asks that people who donate games and puzzles please secure the boxes either with string or tape to insure that parts are not lost.

Through arrangements with the Salvation Army, all repairable toys collected are taken to the county honor camp at Viejas. There, with materials which are donated, the inmates repair the toys, which, in many cases, look better than new. After the repair work, all toys are turned over to the Salvation Army, the central clearing agency, for distribution to the less fortunate children through the county.

To emphasize what a true community program "Toys for Tots" is, Schmidt tells of the "Kick-off" event for the campaign. He says that for the ninth year the San Diego Racing Association, with the coop-

eration of the Stadium Racing Association, will have a full program of modified sportsman racing at Balboa Stadium Saturday night, November 26. All participating parties donate their services, including the stadium, whose use the city grants. Admission to the program will be one new toy.

Schmidt urges all schools, churches, and civic groups to organize toy drives among their memberships, adding that Marine reservists will be glad to pick up these donations at any time.

"All toys picked up in San Diego county will be distributed within the county," he said. "Although 'Toys for Tots' is a nationwide Christmas project of the Marine Corps Reserves each campaign is purely a local project."

Anti-Communism Is Film's Subject

"The Eleventh Commandment," a story of atheistic communism, is being screened currently at the Academy theatre at 37th and University streets in San Diego.

The film, mostly shot on Quemyo and Formosa, is woven around film clips of shocking and authentic conditions in Chinese communes. The movie stars Robert Dix, son of the late Richard Dix.

The movie was privately financed and the showings are outside the conventional Hollywood distribution system because of its "controversial" subject of anti-communism.

The film will be shown daily until Christmas on a reserved seat basis. Tickets may be obtained at the theatre box office or at Theatres.

Trustees Appoint Divine To Vice Principal Post

Robert Divine, sophomore counselor at Granite Hills High School, will take over duties of vice principal next year at the school now under construction on Sweetwater Springs Boulevard. Appointed by the Grossmont Union High School District Board of Trustees November 14, Divine has been with the District since 1953.

Beginning as an English teacher at Helix High School in 1953, Divine next served as chairman of the physical education department and director of athletics there until this year when he went to the new school, Granite Hills, as counselor. During his years at Helix, Divine coached cross coun-

tening and basketball. Last year his basketball team won the Metro League championship and lost in the Southern California Interscholastic Federation quarter finals by two points.

He is from Indiana and earned the master's degree from Indiana University in 1945 after having done his undergraduate work at North Central College in Illinois. He was recalled to active duty in the Army during the Korean war and his move to California followed because he and his wife

CASA DE ORO BAPTIST

A Thanksgiving service will be held Wednesday from 7 to 8 p.m. in the Casa de Oro Baptist Church. Members and friends are welcome, says Rev. Ernest Anderson. A special message and special music are being prepared.

A film strip concerning the Baptist General Conference School, the Bethel College and Seminary of St. Paul, Minn., will be shown at the church at the evening services Sunday. The month of November is known as "Bethel Month" and a special offering is saved especially for the school.

Continuing a practice started three years ago, the Casa de Oro Baptist Church will have a large Christmas card in the foyer of the church. . . a "Give to Missions" card. Instead of sending cards to each other, all who care will sign the large card and give the equivalent of the cost of a card and postage to missions. A bank is provided on the card for this purpose and the offerings are divided equally between home and foreign missions. At the New Year's Eve service the offering is reported and dedicated.

The High School-College age young people and their sponsors, will leave early Friday for an all-day outing and picnic at Borrego Springs.

BANCROFT BAPTIST

Missionary Union recently took several boxes of clothing and groceries to the City Rescue Mission in San Diego. The women met on Thursday to repair more clothing for distribution at Tijuana. A week of prayer for foreign missions will be held November 28 - December 2, with a meeting each day at the church from 10 to 11 a.m.

Special Thanksgiving services will be held Wednesday at 7:30 p.m. at the church during the regular prayer meeting.

Rev. Richard Chase, director of the City Mission, who has recently returned from the Holy Land, will show films at the Sunday evening services, December 4. The films will show his work in Israel and Europe.

S.V. FIRST BAPTIST

A special Thanksgiving program will be presented at the First Baptist Church of Spring Valley at the Wednesday evening prayer and praise services.

In the evening Rev. Wesley H. Brown, former Belgian Congo missionary, will bring the message and tell of his experiences in Africa.

Rev. Brown says that "to go to the Congo is to go home." He was born in the Vanga station, his parents being missionaries before him. His early playmates were his brothers and the Congolese children. At the age of three he left the Congo with his brothers to live at the Home for Missionaries' Children in Granville, Ohio, and to go to school. He is a graduate of Gordon College, Beverly Farms, Mass. B.S., the California Baptist Theological Seminary at Covina, Calif., and the Berkeley Baptist Divinity School, Calif. B.D.

Resident Passes In Montana

Roy Collins, 79, a sometime Lemon Grove resident died October 10 at Fairfield, Montana. Collins was a Montana rancher and merchant but he came to Lemon Grove every year in time for the Rose Parade which he watched on television. He bought a home at 8455 Mt. Vernon avenue near Lawton in 1948. He lived there the first four months of each year and made a host of friends here.

He was at one time a Montana postman, a school board trustee, a state legislator, a director of the state fair, and an active Mason, and was the organizer of two Montana Presbyterian churches.

"GOD'S WORD"

The words of the Bible fall into our hearts as the seed of eternal life. When we believe the message of salvation through Jesus Christ, this word germinates and brings into being a new life in us. When this new life has come to our hearts, then we are children of God.

US Census Bureau to Conduct Sample Farm Survey in County

The 1960 Sample Survey of Agriculture will be conducted in this county during the next several weeks, it was announced today by the Bureau of the Census, U.S. Department of Commerce.

Information will be collected also on farm equipment, farm income, construction of new farm buildings, farm contracts, and farm operator debts. This survey will provide national estimates.

Farms in the county which will be covered in the 1960 Sample Survey of Agriculture were selected at random under the Census Bureau's scientific sampling program to provide a representative cross-section of all farms in the country. - Show the wonderful selection of prizes to your family and friends. They will be very interested in helping you when they see what you can win.
- Bulletins will be posted regularly at our Rexall Drugstore to show the standings of boys and girls in the contest. Be sure to stop in often and check your progress.
